Sponsored by
14th International Congress on Machining
UTIS
www.utis.tc
31 OCTOBER - 5 NOVEMBER 2017
Titis Premier Palace Hotel Kemer, Antalya - TURKIYE

*Sustainable Machining*
*Modelling of Machining Operations*
*Mechanics, Dynamics and Stability of Machining*
*Optimization in Machining Operations*
*AI, Data-Driven and Digital Twin Applications in Machining*
*VR / AR Applications in Machining Processes*
*Advanced CAM Applications*
*Micro and Nano Machining*
*Machinability of Materials*
*Surface Integrity*
*Cutting Tool Technologies*
*Abrasive Processes*
*Machine / Tool Design*
*Nonconventional and Hybrid Machining Processes*
